What this standard covers

This standard specifies the fireworks production and wholesale enterprises (hereinafter referred to as fireworks companies) safety assessment principles, objectives, contents, methods, procedures and evaluation report format and requirements. This standard applies to fireworks enterprise safety evaluation and safety inspection evaluation, but also for their own fireworks safety management. This standard does not apply to fireworks enterprise security pre-evaluation, does not apply to fireworks retail business units.

Document data

International classification (ICS): 13.100.
