What this standard covers

This standard specifies the management and training, daily inspection, maintenance, storage, and repair of oxygen respirators, as well as inspection and testing, and disposal and scrapping. This standard applies to the safe use and maintenance of positive-pressure self-contained closed-circuit compressed oxygen respirators used in industries such as industry, urban public utilities, and emergency rescue.

Document data

International classification (ICS): 13.340.30.

Chinese classification (CCS): C73.

Estimated length of the Chinese original: 14,189 words.
