1 Foreword

AQ 9010-2019 was issued by Ministry of Emergency Management on 10 June 2026.

It is one of 6 parts of the AQ 9010 series.

All technical contents of this standard are compulsory clauses.

This standard was proposed by the Ministry of Emergency Management of the People's Republic of China.

This standard is under the jurisdiction of National Technical Committee on Work Safety of Standardization Administration of China (SAC/TC 288).

2 Scope Preview

This standard specifies requirements regarding service items, service providers, service processes, service support, and service evaluation and improvement for accident prevention services provided by insurance institutions to policyholders of workplace safety liability insurance. This document applies to accident prevention services for entities engaged in production and business activities in the mining, hazardous chemicals, fireworks and firecrackers, and metal smelting industries (sectors); entities in other industries (sectors) may refer to this standard for such services.
