1 Foreword

BB/T 0005-2010 was issued by Ministry of Industry and Information Technology of the People's Republic of China on 29 December 2010 and has been in force since 1 April 2011.

It replaces the earlier edition BB/T 0005-1995.

The BB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

This standard specifies labeling requirements, classification, terms and definitions of aerosol products. This standard is applicable to label of aerosol products directly printed or bonded on the aerosol can as well as classification and terms of aerosol products in the fields of scientific research, production, circulation and application.

BB/T 0005-2010 falls under ICS 55.130, in the field of packaging and distribution of goods.

This catalogue holds 76 other BB/T standards in that field.

3 Normative references

GB 20578 - Safety Rules for Classification, Precautionary Labeling and Precautionary Statements of Chemicals - Flammable Aerosols

4 About this standard

Issued by: Ministry of Industry and Information Technology of the People's Republic of China
