1 Foreword

BB/T 0067-2014 was issued by Ministry of Industry and Information Technology of the People's Republic of China on 9 July 2014 and has been in force since 1 November 2014.

The BB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 9 pages in English translation.

2 Scope Preview

This Standard specifies the classification of plastic composite barrels, materials, structure, requirements, test methods, inspection rules and signs, packaging, transportation and storage. This Standard applies to a combination of steel drums and plastic

BB/T 0067-2014 falls under ICS 55.140, in the field of packaging and distribution of goods.

This catalogue holds 76 other BB/T standards in that field.
