1 Foreword

BB/T 0072-2017 was issued by Ministry of Industry and Information Technology of the People's Republic of China on 12 April 2017 and has been in force since 1 October 2017.

2 Scope

This standard specifies the classification, structure, requirements, test methods, inspection rules, signs, packaging, transportation and storage of polyethylene horizontal blow moulded cans. This standard applies to liquid products such as water and liquid fertilizers. Polyethylene horizontal blow-moulded cans (hereinafter referred to as horizontal cans) formed of polyethylene with polyethylene as the main raw material and blow molding process. Horizontal cans used for holding other liquid products may be implemented in accordance with this standard.
