1 Foreword

CB/T 4442-2016 was issued by Ministry of Industry and Information Technology of the People's Republic of China on 5 April 2016 and has been in force since 1 September 2016.

The CB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 8 pages in English translation.

2 Scope Preview

This standard specifies the requirements for surface pretreatment, defect dressing and correction, scribing, cutting and machining of hull parts during the manufacturing process.

CB/T 4442-2016 is filed under Chinese Standard Classification U10, in the field of shipbuilding.

This catalogue holds 695 other CB/T standards without an ICS number.
