1 Foreword

CB/T 4447-2017 was issued by Ministry of Industry and Information Technology of the People's Republic of China on 12 April 2017 and has been in force since 1 October 2017.

The CB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 11 pages in English translation.

2 Scope Preview

This standard specifies the classification and marking, requirements, test methods, inspection rules, signs and packaging of flange connection dimensions according to GB/T2501-2010, CB/T4196-2011. This standard applies to the design, manufacture and acceptance of pass-through fittings for ship piping systems where the medium is seawater and fresh water.
