1 Foreword

CB/T 4450-2017 was issued by Ministry of Industry and Information Technology of the People's Republic of China on 12 April 2017 and has been in force since 1 October 2017.

The CB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 14 pages in English translation.

2 Scope Preview

This standard specifies the classification and marking, requirements, test methods, inspection rules, marking, packaging, transportation and storage of marine radial curved roller type low-speed large torque hydraulic motors. This standard applies to the design, manufacture and acceptance of marine hydraulic motors. The design, manufacture and acceptance of hydraulic motors for construction machinery, machine tools, metallurgy, coal and petroleum industries can be implemented by reference.
