1 Foreword

CB/T 4455-2017 was issued by Ministry of Industry and Information Technology of the People's Republic of China on 12 April 2017 and has been in force since 1 October 2017.

The CB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 16 pages in English translation.

2 Scope Preview

This standard specifies the classification and marking, requirements, test methods, inspection rules, signs and packaging of marine water supply and drainage plastic pipe joints. This standard is applicable to the design, manufacture and acceptance of joints for plastic pipes (including drinking water pipes, hot and cold water pipes, grey water pipes, black water pipes and cabin water pipes) used in living areas such as ships and offshore installations.
