1 Foreword

CB/T 4463-2016 was issued by Ministry of Industry and Information Technology of the People's Republic of China on 11 July 2016.

The CB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 12 pages in English translation.

2 Scope Preview

This standard specifies the composition, material selection, physical and mechanical properties of composite lightweight shells for deep sea manned submersibles, as well as design, test methods and inspection rules.

CB/T 4463-2016 is filed under Chinese Standard Classification U05, in the field of shipbuilding.
