1 Foreword

CB/T 4477-2017 was issued by Ministry of Industry and Information Technology of the People's Republic of China on 12 April 2017 and has been in force since 1 October 2017.

The CB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 8 pages in English translation.

2 Scope Preview

This standard specifies the composition and basic parameters, requirements, test methods, inspection rules, marking, packaging and transportation of marine jib cranes. This standard is applicable to the design, manufacture, testing and acceptance of folding arm cranes that can be folded and stored in waters where the port area or offshore wind is not greater than Pu's Class 2.
