1 Foreword

CB/T 4510-2020 was issued by Ministry of Industry and Information Technology of the People's Republic of China on 12 September 2020 and has been in force since 1 April 2021.

The CB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the basic requirements for safety production and occupational health training for enterprises and institutions in the shipping industry, and the safety training content and management requirements for the main persons in charge, safety production management personnel, practitioners, team leaders, special operators, and other personnel. This standard applies to safety training management in the shipping
