1 Foreword

CB/T 4512-2020 was issued by Ministry of Industry and Information Technology of the People's Republic of China on 31 August 2020.

The CB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the classification, technical requirements, testing, marking, packaging, transportation and storage of overspeed protection devices for platform lifting systems used in marine engineering. This standard applies to the design, manufacture and acceptance of overspeed protection devices for platform lifting systems used in marine engineering.
