1 Foreword

CB/T 4515-2020 was issued by Ministry of Industry and Information Technology of the People's Republic of China on 12 September 2020 and has been in force since 1 April 2021.

The CB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 15 pages in English translation.

2 Scope Preview

This standard specifies the management responsibilities of occupational disease hazard factors, identification of occupational disease hazard factors, daily monitoring, inspection and evaluation of occupational disease hazard factors, etc. of the shipbuilding industry, enterprises and institutions. This standard applies to the management of occupational hazards in the workplace of enterprises and institutions in the shipping industry. This

standard does not apply to the pre-evaluation of occupational hazards and the evaluation of the control effects of occupational hazards for new, renovated, and expanded construction projects and technological transformation projects.

CB/T 4515-2020 carries no ICS number and no Chinese Standard Classification code.

This catalogue holds 772 other CB/T standards.

Of the 77 CB/T standards that do carry an ICS number, 53 (69%) fall under ICS 47, in the field of shipbuilding and marine structures.

3 About this standard

Sector: Shipping Industry Standard (Recommended)

Issued by: Ministry of Industry and Information Technology of the People's Republic of China

English translation: about 15 pages (approximate)

4 Related standards

Standards on related subjects:
