1 Foreword

CB/T 8506-2017 was issued by Ministry of Industry and Information Technology of the People's Republic of China on 12 April 2017 and has been in force since 1 October 2017.

The CB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 66 pages in English translation.

2 Scope Preview

This standard stipulates the preparation content and depth requirements of the preliminary design documents for the overall project of the fixed assets investment project of the shipbuilding industry; the key points for the preparation of the large-scale valuable equipment demonstration report and the indicative catalogue of the preliminary design documents are compiled. This regulation is applicable to the overall projects of new construction, expansion, and technical transformation of factories and research institutes.
