1 Foreword

CB/T 8526-2017 was issued by Ministry of Industry and Information Technology of the People's Republic of China on 12 April 2017 and has been in force since 1 October 2017.

The CB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 13 pages in English translation.

2 Scope Preview

This standard specifies the composition, content and depth description of the design documents for the overall planning stage of the fixed assets investment project of the shipbuilding industry. This standard is applicable to the preparation of the overall planning plan for various fixed assets investment projects such as new construction, expansion and technological transformation.
