1 Foreword

CB/T 8532-2017 was issued by Ministry of Industry and Information Technology of the People's Republic of China on 12 April 2017 and has been in force since 1 October 2017.

The CB/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 23 pages in English translation.

2 Scope Preview

This standard specifies the general principles of shipyard sewage treatment, the technical methods for the classification and treatment of shipyard production wastewater, the design and technical parameters of various structures of plant-level sewage treatment stations, the corresponding architectural design requirements, electrical and automatic control requirements, and the prevention and control of secondary pollution. With control. This standard applies to all types of sewage treatment projects for shipbuilding, ship repair and

offshore engineering equipment manufacturing enterprises that are newly built, rebuilt, expanded and technically transformed.

CB/T 8532-2017 is filed under Chinese Standard Classification P83, in the field of engineering construction.

This catalogue holds 695 other CB/T standards without an ICS number.

In this catalogue, CB/T standards carry edition years from 1991 to 2025.

3 About this standard

Sector: Shipping Industry Standard (Recommended)

Issued by: Ministry of Industry and Information Technology of the People's Republic of China

English translation: about 23 pages (approximate)

Chinese original: about 34,332 characters

4 Related standards

Standards on related subjects:

GB 50694-2011 - Code for design of fire protection and prevention of alcoholic beverages factory

CB/T 8526-2017 - Fixed Assets Investment Project Feasibility Study Reporting Provisions

CB/T 8525-2017 - Pipeline pressure test requirements

5 Classification and status

Chinese Standard Classification (CCS): P 83

Prefix CB/T: recommended standard.
