1 Foreword

CECS 13-2009 was issued by China Association for Engineering Construction Standardization on 15 December 2009 and has been in force since 1 February 2010.

It replaces the earlier edition CECS 13-1989.

2 Scope

This standard applies pouring molding and injection molding of steel fibers mixed with all kinds of projects, quality synthetic materials or more fiber hybrid fiber concrete, mixes performance, mechanical properties of fiber reinforced concrete physical and durability tests.

3 About this standard

Issued by: China Association for Engineering Construction Standardization

English translation: about 45 pages

Chinese original: about 67,648 characters

Supersedes the earlier edition CECS 13-1989.

4 Classification and status

International classification (ICS): 91.100.30

Chinese Standard Classification (CCS): P 25

Prefix CECS: association standard of the engineering construction sector, adopted voluntarily.
