1 Foreword

CECS 189-2005 was issued by China Association for Engineering Construction Standardization on 10 September 2005 and has been in force since 1 November 2005.

The CECS prefix marks a association standard of the engineering construction sector, adopted voluntarily.

The document runs to 18 pages in English translation.

2 Scope Preview

This standard applies to: new construction, renovation, expansion industrial and civil buildings ammonia injection control oxygen fire protection systems design, construction, commissioning, inspection, and maintenance management.

CECS 189-2005 is filed under Chinese Standard Classification P16, in the field of engineering construction.

This catalogue holds 136 other CECS standards without an ICS number.

In this catalogue, CECS standards carry edition years from 1988 to 2016.

3 About this standard
