1 Foreword

CECS 205-2015 was issued by China Association for Engineering Construction Standardization on 22 October 2015 and has been in force since 1 February 2016.

It replaces the earlier edition CECS 205-2006.

2 Scope

This standard applies to the design, construction and acceptance of new construction, alteration and expansion of building water supply and drainage, industrial water supply and drainage, municipal water supply and drainage, fire water supply and drainage and air conditioning drainage pipe project.

3 About this standard

Issued by: China Association for Engineering Construction Standardization

English translation: about 39 pages

Chinese original: about 59,554 characters

Supersedes the earlier edition CECS 205-2006.

4 Classification and status

International classification (ICS): 91.140

Chinese Standard Classification (CCS): P 40

Prefix CECS: association standard of the engineering construction sector, adopted voluntarily.
