CECS

ASSOCIATION STANDARD OF CHINA ASSOCIATION FOR ENGINEERING CONSTRUCTION STANDARDIZATION

CECS 214-2006

Design specification for self-sustaining longitudinally over-crossing structure of steel pipe of water supply

自承式给水钢管跨越结构设计规程

(English Translation)

Issued on: December 22, 2006 **Implemented on: April 1, 2007**

8.4 Nondestructive Testing of Connection of Structural Steel Casting

8.5 Marking, Storage and Transport

9 Acceptance

1 Foreword

CECS 214-2006 was issued by China Association for Engineering Construction Standardization on 22 December 2006 and has been in force since 1 April 2007.

The CECS prefix marks a association standard of the engineering construction sector, adopted voluntarily.

The document runs to 71 pages in English translation.

2 Scope Preview

This standard applies to urban utilities and industrial enterprises to the level of self-supporting straight pipe, broken line pipe, arc-shaped steel tube across the structure. Similar drainage pipe may refer to.

CECS 214-2006 falls under ICS 91.140, in the field of construction materials and building.

This catalogue holds 144 other CECS standards in that field.

In this catalogue, CECS standards carry edition years from 1988 to 2016.

3 About this standard

Issued by: China Association for Engineering Construction Standardization

English translation: about 71 pages

Chinese original: about 108,170 characters

4 Related standards

Standards on related subjects:

GB/T 18920-2020 - The reuse of urban recycling water-Water quality standard for urban miscellaneous use

GB/T 18921-2019 - The reuse of urban recycling water - Water quality standard for scenic environment use

GB/T 18919-2002 - The reuse of urban recycling water--Classifiedstandard

CECS 446-2016 - Technical specification for application of double check valve backf low prevention assembly

CECS 205-2015 - Technical specification for stainless steel lined or claded composite steel pipeline engineering

5 Classification and status

International classification (ICS): 91.140

Chinese Standard Classification (CCS): P 40

Prefix CECS: association standard of the engineering construction sector, adopted voluntarily.
