1 Foreword

CECS 238-2008 was issued by China Association for Engineering Construction Standardization on 29 April 2008 and has been in force since 1 September 2008.

The CECS prefix marks a association standard of the engineering construction sector, adopted voluntarily.

The document runs to 47 pages in English translation.

2 Scope Preview

This standard applies to construction, hydropower, , railways, road, waterways, energy, mine, long-distance pipeline construction projects such as water conservancy engineering geological mapping.

CECS 238-2008 falls under ICS 93.010, in the field of civil engineering.

This catalogue holds 11 other CECS standards in that field.

In this catalogue, CECS standards carry edition years from 1988 to 2016.

3 About this standard
