8.3 Application of Pretension Force

8.4 Nondestructive Testing of Connection of Structural Steel Casting

8.5 Marking, Storage and Transport

9 Acceptance

1 Foreword

CECS 281-2010 was issued by China Association for Engineering Construction Standardization on 20 October 2010.

The CECS prefix marks a association standard of the engineering construction sector, adopted voluntarily.

The document runs to 55 pages in English translation.

2 Scope Preview

This standard applies to non-seismic area and seismic intensity of general industrial and civil self-supporting masonry wall design 8 degrees and below 8 degrees region, construction and acceptance.

CECS 281-2010 falls under ICS 91.060.10, in the field of construction materials and building.

This catalogue holds 144 other CECS standards in that field.

In this catalogue, CECS standards carry edition years from 1988 to 2016.

3 About this standard

Issued by: China Association for Engineering Construction Standardization

English translation: about 55 pages

Chinese original: about 83,843 characters

4 Related standards

Standards on related subjects:

GB 55007-2021 - Code for design of masonry structures

GB 50211-2014 - Code for construction and acceptance of industrial furnaces building

JG/T 163-2013 - Couplers for Rebar Mechanical Splicing

CECS 432-2016 - Technical specification for application of autoclaved silicate
