1 Foreword

CECS 292-2011 was issued by China Association for Engineering Construction Standardization on 20 April 2011 and has been in force since 1 August 2011.

The CECS prefix marks a association standard of the engineering construction sector, adopted voluntarily.

The document runs to 55 pages in English translation.

2 Scope Preview

This standard applies to newly built, selection renovation and expansion of industrial and civil gas fire service fire safety design configuration design.

CECS 292-2011 falls under ICS 13.220.30, in the field of environment and health protection, safety.

This catalogue holds 12 other CECS standards in that field.

In this catalogue, CECS standards carry edition years from 1988 to 2016.
