1 Foreword

CECS 381-2014 was issued by China Association for Engineering Construction Standardization on 22 September 2014.

The CECS prefix marks a association standard of the engineering construction sector, adopted voluntarily.

The document runs to 29 pages in English translation.

2 Scope Preview

This standard applies to the building and district, silica sand rainwater utilization engineering municipal engineering, infiltration system does not apply to loess, bentonite and water permafrost regions. This procedure uses a silica sand products should

CECS 381-2014 carries no ICS number and no Chinese Standard Classification code.

This catalogue holds 316 other CECS standards.

Of the 180 CECS standards that do carry an ICS number, 145 (81%) fall under ICS 91, in the field of construction materials and building.

3 About this standard
