1 Foreword

CECS 402-2015 was issued by China Association for Engineering Construction Standardization on 20 May 2015 and has been in force since 1 September 2015.

The CECS prefix marks a association standard of the engineering construction sector, adopted voluntarily.

The document runs to 65 pages in English translation.

2 Scope Preview

This standard is applicable to environmental quality control, underground building fire prevention, underground structure health monitoring, intelligent management and emergency management in urban underground space operation and management.

CECS 402-2015 falls under ICS 91.02, in the field of construction materials and building.

This catalogue holds 144 other CECS standards in that field.

In this catalogue, CECS standards carry edition years from 1988 to 2016.
