1 Foreword

CH/T 2010-2011 was issued by Ministry of Natural Resources of the People's Republic of China on 15 November 2011.

The CH/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 71 pages in English translation.

2 Scope Preview

This standard specifies the islands (reefs) geodetic control survey lay satellite positioning, elevation control, gravity measurements and other relevant types of point location, construction, technical requirements observations. And construction of the works selected, observation data compilation, specific requirements and other aspects of Concurrent. This standard applies to the islands (reefs) geodetic measurements outside the industry, other Surveying Engineering geodetic measurements outside the industry may refer to.

CH/T 2010-2011 falls under ICS 07.040, in the field of natural and applied sciences.

This catalogue holds 64 other CH/T standards in that field.

In this catalogue, CH/T standards carry edition years from 1999 to 2024.

3 About this standard

Issued by: Ministry of Natural Resources of the People's Republic of China

English translation: about 71 pages

Chinese original: about 108,149 characters

4 Related standards

Standards on related subjects:

GB/T 18314-2009 - Specifications for global positioning system (GPS) surveys

GB/T 12898-2009 - Specifications for the third and fourth order leveling

GB/T 12897-2006 - Specifications for first and second order levelling

5 Classification and status

International classification (ICS): 07.040

Chinese Standard Classification (CCS): A 76

Prefix CH/T: recommended standard.
