1 Foreword

CH/T 9007-2010 was issued by Ministry of Natural Resources of the People's Republic of China on 31 March 2010 and has been in force since 1 May 2010.

The CH/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 19 pages in English translation.

2 Scope Preview

This standard specifies the general principles of fundamental geographic information database test, content of the test requirements and test reports, test environment, test content, test methods. This standard applies to the acceptance test basic geographic information database.

CH/T 9007-2010 falls under ICS 07.040, in the field of natural and applied sciences.
