1 Foreword

CJ/T 105-1999 was issued by Ministry of Housing and Urban-Rural Development of the People's Republic of China on 24 November 1999 and has been in force since 1 June 2000.

The CJ/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 8 pages in English translation.

2 Scope Preview

This standard specifies the principles of garbage total potassium determination, equipment, and other measurement procedure are described and regulations. This standard applies to the determination of the content of MSW full of potassium. Determination of the concentration range of 0. 5% to 1. 5%.

CJ/T 105-1999 is filed under Chinese Standard Classification Z13, in the field of
