Foreword

1 Scope

2 Normative references

Foreword

This standard pipe drop hammer impact test equivalent to use JISK6743 "water supply with PVC pipe fittings." this standard is CJ/T 218-2005 "water supply with acrylic acid copolymer PVC pipe and fittings" amendment. With CJ/T 218-2005 compared to the main changes are as follows.

- Modify the scope;
- Modify the normative references;
- Modify the terms and definitions;
- Increasing the description of elastomeric seals and adhesives in the material;
- Increased product classification;
- Added pressure level;
- Added product specifications;
- Increasing the pipe size bending, the average diameter deviation and non-roundness, wall thickness, socket, requirements;
- Modify the ring hydraulic stress test tube;
- Modify the pipe fall test;
- Added pipe batch;
- Modify the logo, packaging, transportation and storage;
- Removed information appendix fittings specifications (reference value);
- Increased normative appendix Injection-molded pipe of the impact resistance test method.

Appendix A of this standard is normative appendix.

This standard proposed by the Ministry of Housing and Urban Standard and Design Institute.

This standard by the Ministry of Housing and Urban Water Supply and Drainage Products Standardization Technical Committee.

1 Scope

This standard specifies the terms and definitions of AGR pipes and fittings for water supply, materials, product categories, to Requirements, test methods, inspection rules, marking, packaging, transportation and storage.

This standard applies to long-term transport temperature of not more than 45 °C acrylic acid copolymer polyvinyl chloride (AGR) water supply pipes and fittings.

2 Normative references

The following documents contain provisions which, through reference in this standard and become the standard terms. All dated references, which are subsequently owned Amendments (not including errata content) or revisions do not apply to this standard, however, encourage the parties to reach an agreement based on this standard research Whether you can use the latest versions of these files. For undated references, the latest version of this document applies to this standard.
