Foreword

This standard was drafted in accordance with the rules given in GB/T 1.1-2009.

This standard replaces CJ/T 81-1999 "Mechanical Stirring Clarifier Mixer." Major technical changes compared to CJ/T 81-1999 as follows.

- Added terms and definitions (see Chapter 3);
- Removed the type of mixer definition (see 1999 version 3.3);
- Remove the legend in the form of specifications (see the 1999 version of Figure 1 and Figure 2);
- Modify the specifications and basic parameters (see 4.2, 1999 version 3.2);
- Added material chapter (see Chapter 5);
- Modify part of the technical requirements (see Chapter 6, 1999 edition Chapter 4);
- Remove the transfer mechanism (see 1999 version 4.4);
- Increased transportation and storage requirements (see 9.3);
- Removed the environmental conditions and reliability requirements and durability requirements (see 1999 version 4.1 and 4.11);
- Remove the field test and inspection (see 1999 edition of Chapter 5);
- Modify the test methods and inspection rules (see Chapter 7 and Chapter 8, see the

1999 edition of 5.2);

--- Modify Appendix A (informative) Mixer structure type legend (see Appendix A, see the 1999 edition of Appendix A);

--- Deleted Appendix B two reaction chamber floor hole size and limit deviation (see the 1999 edition of Appendix B).

This standard proposed by the Ministry of Housing and Urban Standard and Design Institute.

This standard by the Ministry of Housing and Urban Water Supply and Drainage Municipal Standardization Technical Committee centralized.

This standard was drafted. Beijing Municipal Engineering Design and Research Institute Co., Ltd., Yixing City Product Quality Supervision and Inspection Institute, Jiangsu rain Environmental Protection Group Co., Ltd., Jiangsu First Ring Group Co., Ltd., Shenyang North Heavy Mining Machinery Manufacturing Co., Ltd..

1 Scope

This standard specifies the terms and definitions, specifications and basic parameters, materials, requirements, test methods, testing Rules, marking, packaging, shipping and storage.

This standard applies to the manufacture and acceptance of mechanical mixer clarifier mixer.

2 Normative references

The following documents for the application of this document is essential. For dated references, only the dated version applies to this article Pieces. For undated references, the latest edition (including all amendments) applies to this document.
