8.5 Pressure test, purging and trial operation
9 Operation management
9.2 Preparation before operation
9.3 Warming pipe
9.4 Operational maintenance
9.5 Operational stop

1 Foreword

CJJ/T 153-2010 was issued by Ministry of Housing and Urban-Rural Development of the People's Republic of China on 21 October 2010 and has been in force since 1 August 2011.

The CJJ/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 44 pages in English translation.

2 Scope Preview

This standard applies to urban gas production, transmission and distribution systems and graphic signs of various gas -related sites and production, use, and maintenance management.

CJJ/T 153-2010 falls under ICS 91.140.40, in the field of construction materials and building.

This catalogue holds 59 other CJJ/T standards in that field.

In this catalogue, CJJ/T standards carry edition years from 1993 to 2023.

3 About this standard

Issued by: Ministry of Housing and Urban-Rural Development of the People's Republic of China

English translation: about 44 pages

Chinese original: about 66,620 characters

4 Related standards

Standards on related subjects:

GB 27790-2020 - City gas pressure regulator
