9 Civil works

1 Foreword

CJJ/T 230-2015 was issued by Ministry of Housing and Urban-Rural Development of the People's Republic of China on 9 January 2014 and has been in force since 1 September 2015.

The CJJ/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 74 pages in English translation.

2 Scope Preview

This Standard applies to the internal pressure of not more than 0.06MPa rectangular manholes and sewerage, inside water depth is not greater than the design, construction and acceptance of 4m drainage structures and other drainage works concrete block masonry structures.

CJJ/T 230-2015 is filed under Chinese Standard Classification P 40, in the field of engineering construction.

This catalogue holds 97 other CJJ/T standards without an ICS number.

In this catalogue, CJJ/T standards carry edition years from 1993 to 2023.

3 About this standard

Issued by: Ministry of Housing and Urban-Rural Development of the People's Republic of China

English translation: about 74 pages

Chinese original: about 112,116 characters
