1 Foreword

CJJ/T 251-2017 was issued by Ministry of Housing and Urban-Rural Development of the People's Republic of China on 10 January 2017 and has been in force since 1 July 2017.

The CJJ/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 43 pages in English translation.

2 Scope Preview

This standard applies to the use of hollow fiber membrane microfiltration or ultrafiltration separation. The design, construction, acceptance, and operation management of new, expanded, or rebuilt urban permanent water supply projects.

CJJ/T 251-2017 falls under ICS 91.140.60, in the field of construction materials and building.

This catalogue holds 59 other CJJ/T standards in that field.

In this catalogue, CJJ/T standards carry edition years from 1993 to 2023.

3 About this standard

Issued by: Ministry of Housing and Urban-Rural Development of the People's Republic of China

English translation: about 43 pages

Chinese original: about 65,651 characters
