Table of Contents

1 General provisions 1
2 Terms and symbols 2
2.1 Terms 2
2.1.1 Integrated prefabricated pumping station
2.1.2 Wet well integrated prefabricated pumping station
2.1.3 Dry well integrated prefabricated pumping station
2.1.4 Basket screen
2.1.5 Grinder
2.2 Symbols 2
3 Basic requirements 3
4 Engineering design 4
4.1 General requirements 4
4.2 Site selection and general layout 5
4.3 Process design 6
4.4 Structural design 11
4.5 Electrical and control instruments 13
4.6 Design of auxiliary facilities 16
5 Construction and acceptance 18
5.1 Construction 18
5.2 Acceptance 21
6 Operation and maintenance 23
6.1 Operation 23
6.2 Maintenance 25

1 Foreword

CJJ/T 285-2018 was issued by Ministry of Housing and Urban-Rural Development of the People's Republic of China on 6 December 2018 and has been in force since 1 June 2019.

According to the requirements of Document JIANBIAO [2014] No.189 issued by the Ministry of Housing and Urban-Rural Development of the People's Republic of China - Notice on printing and distributing the development and revision plan on engineering construction standards and codes in 2015, the drafting group of standard complied this standard through the extensive investigation and study, careful summarization of practical

experience and reference to relevant international and foreign advanced standards and on the basis of widely soliciting for opinions.

The main technical contents of this standard are: 1. General provisions; 2. Terms and symbols; 3. Basic requirements; 4. Engineering design; 5. Construction and acceptance; 6. Operation and maintenance.

The Ministry of Housing and Urban-Rural Development of the People's Republic of China is in charge of the administration of this standard, and Shanghai Municipal Engineering Design Institute (Group) Co., Ltd. is responsible for the explanation of specific technical contents. During the process of implementing this standard, you are kindly requested to send your opinions and advice (if any) to Shanghai Municipal Engineering Design Institute (Group) Co., Ltd. (Address: No.901, North Zhongshan No.2 Road, Zhongshan District, Shanghai, 200092, China).

2 Scope Preview

This standard is applicable to the design, construction, acceptance, operation and maintenance of integrated prefabricated pumping station projects in urban water supply and drainage projects for new construction, expansion and reconstruction.

CJJ/T 285-2018 falls under ICS 91.140.60, in the field of construction materials and building.

This catalogue holds 59 other CJJ/T standards in that field.

In this catalogue, CJJ/T standards carry edition years from 1993 to 2023.

3 About this standard

Issued by: Ministry of Housing and Urban-Rural Development of the People's Republic of China

English translation: about 36 pages

Chinese original: about 54,590 characters
