8.5 Pressure test, purging and trial operation
9 Operation management
9.2 Preparation before operation
9.3 Warming pipe
9.4 Operational maintenance
9.5 Operational stop

1 Foreword

CJJ/T 296-2019 was issued by Ministry of Housing and Urban-Rural Development of the People's Republic of China on 20 March 2019 and has been in force since 1 September 2019.

The CJJ/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 34 pages in English translation.

2 Scope Preview

This standard applies to the construction and management of business collaboration platforms for urban engineering construction projects.

CJJ/T 296-2019 falls under ICS 91.010, in the field of construction materials and building.

This catalogue holds 59 other CJJ/T standards in that field.

In this catalogue, CJJ/T standards carry edition years from 1993 to 2023.

3 About this standard

Sector: Urban Construction Industry Standard (Recommended)

Issued by: Ministry of Housing and Urban-Rural Development of the People's Republic of China

English translation: about 34 pages (approximate)

Chinese original: about 51,519 characters

4 Related standards

Standards on related subjects:

GB/T 33233-2023 - Water saving enterprises-Electrolytic aluminium industry
