8.5 Pressure test, purging and trial operation
9 Operation management
9.2 Preparation before operation
9.3 Warming pipe
9.4 Operational maintenance
9.5 Operational stop

1 Foreword

CJJ/T 312-2021 was issued by Ministry of Housing and Urban-Rural Development of the People's Republic of China on 6 December 2021.

It replaces the earlier edition CJJ/T 312-2020.

The CJJ/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

This standard applies to the design, construction, acceptance, operation and maintenance of the urban operation management service platform.

CJJ/T 312-2021 falls under ICS 91.010, in the field of construction materials and building.

This catalogue holds 59 other CJJ/T standards in that field.

In this catalogue, CJJ/T standards carry edition years from 1993 to 2023.

3 About this standard

Issued by: Ministry of Housing and Urban-Rural Development of the People's Republic of China

English translation: about 50 pages

Chinese original: about 75,739 characters
