9 Civil works

1 Foreword

CJJ/T 49-2020 was issued by Ministry of Housing and Urban-Rural Development of the People's Republic of China on 9 April 2020 and has been in force since 1 October 2020.

It replaces the earlier edition CJJ 49-1992.

The CJJ/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

2 Scope Preview

This standard applies to the design, construction, acceptance, inspection, transfer, monitoring, control and maintenance of new, expanded and rebuilt subway stray current protection projects.

CJJ/T 49-2020 is filed under Chinese Standard Classification P 65, in the field of engineering construction.

This catalogue holds 97 other CJJ/T standards without an ICS number.

In this catalogue, CJJ/T standards carry edition years from 1993 to 2023.

3 About this standard

Issued by: Ministry of Housing and Urban-Rural Development of the People's Republic of China

English translation: about 93 pages

Chinese original: about 140,159 characters

Supersedes the earlier edition CJJ 49-1992.
