1 Foreword

CNASGL 054-2023 was issued by China National Accreditation Service for Conformity Assessment on 31 December 2023 and took effect the same day.

The CNASGL prefix marks a accreditation criteria document, not a standard.

The document runs to 12 pages in English translation.

2 Scope Preview

This standard specifies the general principles for determining the calibration period of measuring equipment, the selection of the initial calibration period, the evaluation method of the calibration period, and gives relevant application examples. This standard is applicable to the determination and adjustment of the calibration cycle of measuring equipment by laboratories and other conformity assessment agencies and other relevant parties.

CNASGL 054-2023 carries no ICS number and no Chinese Standard Classification code.

This catalogue holds 9 other CNASGL standards.
