Table of Contents

1 Scope

2 Certification standards

1 Scope

These rules apply to the power banks included in the China Compulsory Certification (CCC) catalogue, and to the lithium-ion batteries and battery packs used in power banks and in portable electronic products.

Power banks within the scope include conventional power banks, portable energy storage systems and mobile power supplies for camping and outdoor use, weighing no more than 18 kg and with a total rated battery capacity above 600 mAh.

2 Certification standards

Power banks: GB 4943.1, GB 31241 and GB 47372.

Lithium-ion batteries and battery packs for power banks: GB 31241 and GB 47372.
