1 Foreword

CNCA C11-13-2026 was issued by Certification and Accreditation Administration of the People's Republic of China on 11 April 2026.

It has been in force since 1 July 2026.

The CNCA prefix marks a certification rule, not a standard.

2 Scope Preview

CNCA C11-13-2026 (CNCA-C11-13:2026) is the Chinese compulsory certification (CCC) implementation rule "China Compulsory Certification Implementation Rules - Vehicle Reflective Markings (Trial)", issued as a trial version by the Certification and Accreditation Administration of the People's Republic of China (CNCA). It is one of the eleven CCC implementation rules released in April 2026 after SAMR Announcement No. 57 of 2025 moved sixteen product categories from self-declaration to third-party certification, and it has been in force since July 1, 2026. The rule covers retro-reflective markings for vehicles and sets out the certification modes, the classification of certification units, the certification process, after-certification supervision, certificates and marks. It replaces CNCA C11-13-2014.

CNCA C11-13-2026 carries no ICS number and no Chinese Standard Classification code.

3 About this standard

Sector: Compulsory Certification (CCC)

Issued by: Certification and Accreditation Administration of the People's Republic of China

Status: valid (trial), replaces CNCA C11-13-2014.

4 Classification and status

Prefix CNCA: certification rule, not a standard.
