1 Foreword

CY/T 150-2016 was issued by State Press and Publication Administration on 31 July 2016 and took effect the same day.

The CY/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 66 pages in English translation.

2 Scope Preview

This standard specifies the application principles, classification system, coding method, and category table for the classification of digital journals. This standard applies to the informatization construction and other related applications of digital journals approved by the national administrative department.

CY/T 150-2016 is filed under Chinese Standard Classification A 24, in the field of general, standardization and metrology.
