1 Foreword

CY/T 182-2019 was issued by State Press and Publication Administration on 29 May 2019 and has been in force since 1 July 2019.

The CY/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 14 pages in English translation.

2 Scope Preview

This standard proposes the purpose, principles, Roles and processes, methods of operation, application and extension principles. This standard applies to the development and use of professional content digital reading equipment and systems in the press and publishing industry. The standardized use of window data communication is also applicable to the use of multi-window communication in other related standards or protocols.

CY/T 182-2019 falls under ICS 35.240.30, in the field of information technology.

This catalogue holds 21 other CY/T standards in that field.

In this catalogue, CY/T standards carry edition years from 1991 to 2026.
