1 Foreword

CY/T 68-2009 was issued by State Press and Publication Administration on 23 November 2009 and took effect the same day.

The CY/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 8 pages in English translation.

2 Scope Preview

This standard specifies the quality requirements and test methods for the printing of the logo surface of CD-ROM products produced and sold in the People Republic of China. This standard applies to lithography and screen printing of read-only optical discs and recordable discs. The quality requirements and test methods of other printing methods can also be referred to this standard.

CY/T 68-2009 falls under ICS 33.160.30, in the field of telecommunications.

This catalogue holds 3 other CY/T standards in that field.

In this catalogue, CY/T standards carry edition years from 1991 to 2026.

3 About this standard

Issued by: State Press and Publication Administration

English translation: about 8 pages

Chinese original: about 12,121 characters
