1 Foreword

CY/T 75-2011 was issued by State Press and Publication Administration on 23 November 2011 and took effect the same day.

The CY/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 24 pages in English translation.

2 Scope Preview

This standard specifies the format, content and type of logistics information exchanged between the consignee and the carrier. The logistics information exchanged between the consignor and the carrier in this standard mainly includes the information of the consignment note, the consignment note, the inquiry counter, the inquiry and the statement of the inquiry. This standard is applicable to the exchange and sharing of logistics information between the consignee and the carrier.

CY/T 75-2011 is filed under Chinese Standard Classification A 24, in the field of general, standardization and metrology.

This catalogue holds 94 other CY/T standards without an ICS number.

In this catalogue, CY/T standards carry edition years from 1991 to 2026.

3 About this standard

Issued by: State Press and Publication Administration

English translation: about 24 pages
