1 Foreword

DB/T 1-2008 was issued by China Earthquake Administration on 20 June 2008 and has been in force since 1 September 2008.

It replaces the earlier edition DB/T 1-2000.

2 Scope

This standard specifies the standard architecture industry standardization within the scope of the earthquake, standard components, as well as the intrinsic link between the standards. This standard applies to the preparation of seismic standards, revised plans and programs.

3 About this standard

Issued by: China Earthquake Administration

English translation: about 19 pages

Chinese original: about 29,235 characters

Supersedes the earlier edition DB/T 1-2000.

4 Classification and status

International classification (ICS): 91.120.25

Chinese Standard Classification (CCS): P 15

Prefix DB/T: recommended standard.
