1 Foreword

DG/T 103-2019 was issued by Ministry of Agriculture of the People's Republic of China on 3 February 2023 and took effect the same day.

The DG/T prefix marks a recommended standard. It is not law in itself: it becomes binding when a contract names it, when a regulation or a mandatory standard refers to it, or when a producer declares conformity with it.

The document runs to 14 pages in English translation.

2 Scope Preview

This standard specifies the identification content, methods and judgment rules for the promotion and identification of rapeseed transplanting machines. This standard is applicable to the promotion and identification of rapeseed naked seedlings, potted seedlings, blanket seedling transplanters and combined rapeseed transplanters.

DG/T 103-2019 carries no ICS number and no Chinese Standard Classification code.
