1 Foreword

DG/T 147-2022 was issued by Ministry of Agriculture of the People's Republic of China on 22 February 2022 and took effect the same day.

2 Scope

This standard specifies the identification content, methods and judgment rules for the promotion and identification of livestock and poultry feces fermentation processors. This standard applies to the promotion and identification of stacked and tank-type livestock and poultry excrement fermentation processors (hereinafter referred to as processors) that ferment livestock and poultry excrement. Other structural types of processors can be implemented with reference.

3 About this standard

Issued by: Ministry of Agriculture of the People's Republic of China

English translation: about 9 pages

Chinese original: about 14,187 characters

4 Classification and status

Prefix DG/T: recommended standard.
