1 Foreword

DG/T 148-2022 was issued by Ministry of Agriculture of the People's Republic of China on 22 February 2022 and took effect the same day.

2 Scope

This standard specifies the identification content, methods and judgment rules for the promotion and identification of livestock and poultry manure turning machines (hereinafter referred to as turning machines). This standard is applicable to the popularization and identification of compost turning machines with structural types such as driving, self-propelled and traction.

3 About this standard

Issued by: Ministry of Agriculture of the People's Republic of China

English translation: about 8 pages

Chinese original: about 12,162 characters

4 Classification and status

Prefix DG/T: recommended standard.
